

IngentaConnect

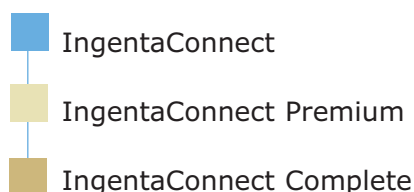

The home of scholarly research

Ingenta provides librarians and their end-users with access, via subscription or document delivery, to over 30,000 scholarly journals, books and reports.

Currently over 25,000 institutions are registered for electronic access at www.ingentaconnect.com, with an average of more than 19 million user sessions per month.

Library Service Options

Ingenta offers a selection of content access services to suit the varied needs of our customers. Detailed below are the three main service options available.

IngentaConnect

IngentaConnect is a free service offering unparalleled access to research content - currently 19 million articles from over 30,000 publications. Content is fully enhanced with reference and forward citation linking, pre-print articles, supplementary data, RSS feeds and key icons to indicate the current user's access rights.

IngentaConnect Service Highlights

- A free service
- Search and access over 30,000 publications via subscription, pay-per-view or document delivery
- Simple subscription activation
- OpenURL compliant reference linking
- Downloadable usage statistics
- RSS feeds and key icons to indicate the current user's access rights
- Authentication by IP, ATHENS and username/password
- Comprehensive end user features

IngentaConnect Premium

IngentaConnect Premium is a package of services designed to ease the burden of e-journal administration, and incorporates all the features of the free service, plus customised banner-branding, advanced Flash statistics, and enhanced searching and subscription activation.

IngentaConnect Premium Service Highlights

- All highlights of IngentaConnect, plus:
- Customised banner-branding to reinforce your library's role in delivering content
- Enhanced subscription activation utilising our unique relationships with a range of subscription agents
- Advanced Flash statistics package
- Introductory licence to InTouch current awareness alerting service

IngentaConnect Complete

IngentaConnect Complete is an all-inclusive package incorporating all the features of IngentaConnect and Premium, with additional customisation options, payment accounts, user pre-registration and the ability to upload holdings information to block unnecessary purchasing and link users to other online and offline holdings.

IngentaConnect Complete Service Highlights

- All of the above, plus:
- Customised site-messaging
- A payment account, enabling you to provide unmediated document delivery, and track user spending
- Holdings upload, to block unnecessary purchasing and link users to other online and offline holdings
- Discounted document delivery fees
- User profile upload, so users can be pre-registered to access your Complete site with their regular library login.

Optional Upgrades

Addition features available to enhance the IngentaConnect service are summarised below, elements of which can be found in the IngentaConnect Premium and IngentaConnect Complete upgrade packages outlined overleaf.

IngentaConnect InTouch

Our competitively-priced current awareness service, is fully OpenURL-compliant and covers our full collection of 30,000 journals; a licence entitles users to be alerted to new issues of a relevant journal, or new articles containing user-specified search terms.

Service highlights:

- Unlimited new issue (table of contents) and search result alerts
- Choice of delivery formats
- Customised messaging on alerts
- Link directly from alerts to subscribed journals
- Access non-subscribed content via pay-per-view
- OpenURL compliant, so you can link directly to your institution's holdings
- Monitor journal searches and alerts requests

IngentaConnect Document Delivery

Provide your users with timely access to non-subscribed articles. Choose from the choice of flexible document delivery payment methods available, including, payment accounts, invoice accounts, and credit card payments.

Payment accounts in focus

An IngentaConnect Payment Account enables control of document delivery spend with usage monitoring and segmentation, helping to save time, money and administrative resource. Monthly spending reports can be used in conjunction with IngentaConnect's usage statistics to make informed budgeting decisions.

Service highlights:

- You control access
- Segment funding by setting up separate cost centres or groups
- Regulate spending by setting limits and parameters
- Track spending in the monthly reports
- Discounts available for large-volume orders
