

Convenient, efficient document delivery

- Provide **timely access** to non-subscribed articles with **mediated or non-mediated** purchasing
- Integrate online and offline collections and **prevent duplicate purchasing** of content licensed elsewhere
- Pay by **credit card** or **payment account**
- Purchase single articles in **one click** or complete **multiple transactions** at once

Today's researchers and information specialists want online access to the facts they need - as quickly as possible.

IngentaConnect's document delivery package is an affordable solution that enables you to control your budget yet still allow your staff, customers, and users to access a comprehensive collection of content online containing more than **4.5 million articles** from **13,500 publications**.

Coverage

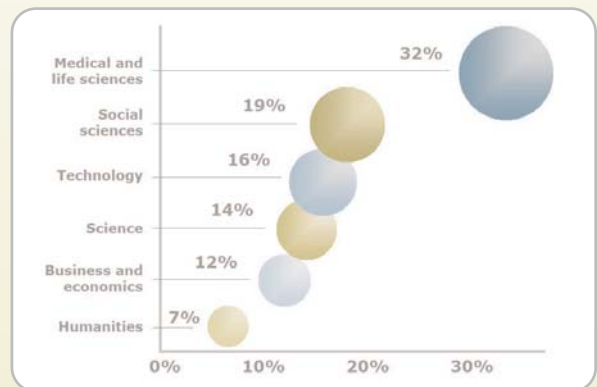

- Freely access the abstracts of 4.5 million articles
- Activate full-text access to subscribed titles at no cost
- Pay only for non-subscribed articles that your library retrieves
- Immediately download full text
- Upload holdings data or configure link server to block and reroute access to content held in other collections

Reporting

- Use monthly usage statistics reports to control, track, segment and monitor your organization's purchases and understand which titles are most popular

Payment

- Limit funding access to library staff, departmental or faculty staff, or open up to the organization as a whole

Subject areas of publications available via IngentaConnect

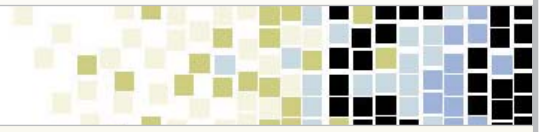

- Select from varying levels of service depending on your needs from standard or advanced deposit accounts, as well as monthly billing accounts.
- Receive document delivery discounts for large volume deposit accounts
- Create cost centers in order to bill back to departments or projects and plan and monitor your budget accordingly
- Roll over funds remaining in a deposit account at the end of the budget year

How to do more with less

When times are tough and budgets are tight, IngentaConnect's document delivery service allows you to **control spend** by holding the reigns of your subscription within your institution.

By **limiting usage**, and therefore the spending by your users, IngentaConnect allows you to **control the rate at which your library funds are utilized**. Please ask one of our team for further details.

For more information about how IngentaConnect's document delivery modules can meet the needs of your institution, please ask one of the team for more information.
